ATTORNEY GENERAL KNOX SAYS  
GOVERNMENT MAY SEIZE THE  
GALVESTON.

## ACTION HIGHLY IMPORTANT

NAVY DEPARTMENT TO MAKE A  
TEST CASE FOR ITS GUIDANCE  
IN FUTURE.

Washington, June 20.—The time of the cabinet meeting was consumed in large part by the consideration of the legal questions involved in the decision of the United States government to disregard the decision of the court of Virginia and seize the incomplete gunboat Galveston at the Trigg shipyards in Richmond.

Attorney General Knox presented a carefully prepared opinion on the subject, strongly affirming the right of the government to disregard the decision of the court of Virginia, which forbids the resumption of work on the Galveston pending a settlement of the claim of the sub-contractors, who have not been paid for material furnished. In concluding his opinion the attorney general says:

"One further point remains to be considered. The letter of the secretary of the navy requests to be authorized to employ, if necessary, the military forces of the government at his disposal for the

### Execution of His Orders

In the premises, I am loath to believe that occasion for such exertion of the federal powers will arise, being confident that any claim to interfere with the national rights under the judicial authority of the state of Virginia will be promptly disposed of and denied by the chancery court. For this reason I shall defer answering that question."

The cabinet, after considering this opinion, unanimously decided that the government's case was sound and the programme outlined by Mr. Moody should be pursued. An effort will be made, therefore, to launch the boat next Monday if circumstances permit. It is intimated that information will be conveyed to the Virginia justice who granted the injunction in this case that he has exceeded his proper functions, and it is expected that he will withdraw from what the attorney general and the president regard as an untenable position, thus avoiding any clash at Richmond.

By the president and the members of the cabinet the action taken at the meeting is regarded as of the highest importance. The question raised is new and almost unique. Both the president and his advisers gave it the most careful consideration.

It is understood that the opinion of Attorney General Knox as submitted originally to the president and cabinet was modified slightly before it was made public. It was stated Thursday on excellent authority that the attorney general, in his opinion, upheld the right of the secretary of the navy to use force, if necessary, to carry into effect his orders. It was regarded by the cabinet, it is said, to be inexpedient to precipitate that question at this time, as it was believed to be entirely likely that a way would be found amicably to adjust the apparent differences between the Virginia court of chancery and the authorities of the government.

Practically the entire time of the cabinet was devoted to the consideration of the question relating to the Galveston.

**Cruiser Chattanooga Attached.**  
Secretary Moody requested the attorney general to instruct the proper district attorney to enter into a stipulation regarding the cruiser Chattanooga, which had been attached by

creditors of the New York Shipbuilding company, that the government's rights may be adequately protected.

The case of the Galveston has been forced to a test so that the government may be sure of its ground in the event of complications with the United States Shipbuilding company. It was at Elizabeth, N. J., that the sheriff seized the Chattanooga. Sheriff Coriel said he had placed a deputy in charge of the cruiser and would keep him at the Crescent yard unless he received orders from some higher authority to withdraw him. The sheriff added that he had simply performed his duty in seizing the vessel in accordance with the writ issued by the supreme court commissioner and that he knew nothing about the merits of the case.

### DEROUSSE BACK HOME.

Postmaster of Camden, N. J., Will Not Be Prosecuted.

Camden, N. J., June 20.—Postmaster Louis T. Derosse has arrived home from Baltimore. Mr. Derosse and Dr. Hazard, who accompanied him from Baltimore, were met at the Pennsylvania station in Philadelphia by Judge Harrison H. Voorhees, one of the postmaster's bondsmen. The investigation of the Camden postoffice by postal inspectors is still going on. It is understood that Mr. Derosse's shortage will amount to \$2,100, which will be made up by his bondsmen. So far as can be learned, Mr. Derosse will not be prosecuted either by the government or any other persons who have claims on him.

### SUBMITS A NEW CLAUSE.

London, June 20.—Chief Irish Secretary Wyndham-Friday submitted a new clause to the Irish land bill, the effect of which will be to bring about 130,000 non-judicial and future tenants within the scope of the act. It is believed that this concession will form a basis of compromise between the Nationalist party and the government.

### Medics Elect Officers.

St. Paul, June 20.—The election of a president by the state medical society was a spirited contest. Dr. Greene received thirty-three votes, completely swamping Dr. Cornelius Williams, also of St. Paul, who received fourteen votes. The other officers were chosen by acclamation and are: First vice president, Dr. Charles Hills, Pine Island; second vice president, Dr. Jennette McLaren, St. Paul; third vice president, Dr. W. H. Darling, St. Peter; secretary, Dr. Thomas McDavitt, St. Paul; treasurer, Dr. R. J. Hill, Minneapolis. It was decided to meet in Minneapolis next year.

## ONE MAN HELD OUT

ATTITUDE OF A SINGLE JUROR  
PREVENTED THE CONVICTION  
OF CURTIS JETT.

## NEW TRIAL AT CYNTHIANA

CONDITIONS THERE VASTLY DIFFERENT FROM THOSE IN  
BREATHITT COUNTY.

Jackson, Ky., June 20.—But for one juror, Curtis Jett would have been convicted here for the murder of J. B. Marcum, and a majority of the jury favored the conviction of Thomas White also. Both are now almost 100 miles from home in jail at Lexington and their next trial will be at Cynthiana, over 100 miles from Jackson, away from the mountains and in the Blue Grass region under very different conditions from those existing in Breathitt county.

Cynthiana is four times as large as Jackson, Harrison county, in which the prisoners are to have their next trial, is noted for its chivalry and culture.

Governor Beckham is generally believed to have had something to do with the change of venue to Harrison county.

The next case on the docket here that of Curtis Jett, for killing the town marshal, James Cockrell, will be postponed until after the trial at Cynthiana.

Colonel Williams is at Frankfort conferring with the governor regarding the withdrawal of the troops. It is understood that he advised the governor that at least one company should be retained in Jackson as long as Provost Marshal Longmire was kept in charge of the town.

There is feeling of relief here so far as old scores are concerned, but there is great apprehension, because it is believed that others have been "marked."

It is considered that Prosecutor Byrd is not safe here and he has gone to Winchester.

Mr. Bailey, the foreman of the jury which indicted Jett and White, has asked for military protection. He says he has received hints of trouble in store for him.

### ASSAULT PROVES FATAL.

Mrs. August Bailey Dies and Her Daughter May Also Succumb.

St. Louis, June 20.—Mrs. August Bailey, who, with her young son and daughter, was found lying unconscious along the Big Four railroad track near East Alton, Ill., with wounds in their head, early Friday, died at night without regaining consciousness. The children have revived, but have not been able to give an account of the assault or tell who committed it. The girl, it is believed, will die, but the boy has a chance for recovery.

An unknown negro was arrested some miles from the scene of the crime, but beyond suspicion there is nothing to connect him with the assault. He is being held pending investigation.

### WILL RETURN TO WORK.

Settlement of the Chicago Hotel Strike Finally Effected.

Chicago, June 20.—The strike of the waiters and cooks is a thing of the past and the majority of the men will return to work today. The settlement of the trouble was reached last night. It was agreed that 75 per cent of the strikers shall resume their old places at once and the remainder are to have their positions within ten days. On the question of absolute recognition of the union the agreement provides for freedom on both sides. The hotel and restaurant proprietors are to have the right to employ what help they choose, no matter whether union or not. The decision on this point is a substantial victory for the proprietors. The question of an increase in wages was left open for settlement.

### FOUR TRAINMEN DEAD.

Illinois Central Passenger Train Collides With a Freight.

Waterloo, Ia., June 20.—A passenger train on the Illinois Central collided head-on with a freight train just west of Raymond, Ia., at 2:49 a. m. Two engineers and two firemen were killed; a mail agent seriously and three passengers slightly hurt. It took four hours to clear the track of the wreck.

The dead are: J. R. Griffin, engineer; E. H. Stoneman, engineer; D. J. Brantz, fireman; J. B. Mills, fireman. Postal Clerk Groom, who was injured, was taken to a hospital at Waterloo. The three passengers injured were able to continue their journey.

### GOES TO THE JURY.

Case of the Nelson Brothers Being Passed Upon.

Owatonna, Minn., June 20.—The case of Charles and Henry Nelson, on trial for the murder of Mary H. Krier, was given to the jury at 7 o'clock last evening. Judge Thomas S. Buckham asked the jury to sift and carefully consider the evidence and render a verdict in accordance with right and justice. There was a big crowd in attendance and interest in the proceedings of the court was general.

### DISCUSS DIVISION.

Norwegian Lutherans Unable to Agree on the Question.

Duluth, June 20.—The greater part of the deliberations of the United Norwegian Lutheran church conference in the afternoon was devoted to discussing the question as to whether the church should be divided into three districts. Spirited arguments were submitted on both sides but adjournment came and the question was far from settled.

Harold Thorson, a banker at Elbow Lake, Minn., announced that he would donate property worth \$5,000 to the United church.

Reports from the various educational and religious institutions conducted by the church were read at the morning session and a satisfactory showing was presented. A question which gave much concern was the great lack of ministers of the Lutheran faith to take charge of the constantly growing parishes and a campaign along the line of urging young men to enter the sacred calling will be instituted.

At night the delegates attended a concert given in their honor.

### CONSPIRATORS TAKE OATH.

Will Refuse to Divulge Names of Assassins of Serbian Rulers.

Belgrade, June 20.—Fearing the effect of the Austro-Russian denunciation of the assassination, the conspirators have taken an oath not to divulge one another's names nor any particulars of the tragedy. One of them declares that ninety pounds of dynamite was placed in the palace with the intention of blowing up the building in the event of the royal couple attempting to escape.

Many people here are of the opinion that Russia's demand for the punishment of the murderers is a pretext to gain a foothold in Serbian affairs and that King Peter will be compelled to grant concessions to stave off the Russian demand.

Queen Draga's sisters traveled second class on the train to Vienna. They say they are ruined. They were only given \$400 to defray the expenses of the journey, and they do not expect to receive anything more. They intend to seek an audience of Emperor Francis Joseph and try to obtain justice.

### RESTRAIN HARRIMAN

BRIEF FILED TO PREVENT HIS ELEMENT FROM VOTING CERTAIN STOCK.

Cincinnati, June 20.—Contrary to the report that a compromise had been effected in New York between the Keene and Harriman interests and that the Southern Pacific railway suit had been settled, a brief containing sensational allegations was filed here by counsel for the appellants.

The brief was preferred by Senator Foraker of Cincinnati, Augustus E. Wilson of Louisville, and Edward Lauterbach and Eugene Treadwell of New York. Twenty-six arguments are advanced in behalf of the appellants to restrain the Harriman element from voting the Union Pacific holdings in the Southern Pacific election which has been postponed. Among these arguments are allegations which are:

The Union Pacific and Southern Pacific roads being competitors, it was a violation of public policy, and for that reason illegal, for the Union Pacific to acquire and maintain control of the Southern Pacific by purchasing and voting its stock. The proof shows that it is within the power of the Union Pacific to practice

**Abuse and Discriminations**  
against the Southern Pacific and that discrimination has been practiced in making expenditures on the Central Pacific. From the affidavits it is shown that twice as much money has been expended from the earnings of the entire Southern Pacific system of about nine thousand miles, on the 871 miles of the Central Pacific railroad between Ogden and San Francisco as has been expended on the remaining 8,000 miles, and that the immediate purpose of such expenditures is to make the Union Pacific line a direct through route from Chicago to San Francisco by way of Omaha and Ogden, for the purpose of making it the main competitor in transcontinental business of other transcontinental lines. The result will be to give the Union Pacific a haul over its entire line between Omaha and Ogden and the Southern Pacific only the short haul between Ogden and San Francisco instead of the long haul over its main lines from New Orleans.

### An Abstract Idea.

At a card party at Charles Lamb's Hazlett and Lamb's brother got into a discussion as to whether Holbein's coloring was as good as that of Van Dyke. At length they became so excited that they upset the table and seized each other by the throat. In the struggle Hazlett got a black eye, but when the combatants were parted Hazlett turned to Talford, who was offering his aid, and said: "You need not trouble yourself, sir. I do not mind a blow, sir. Nothing affects me but an abstract idea."

### Dogmatism.

A pretty snub delivered by a professor to a very young and very dogmatic undergraduate is refurbished in a work of fiction. "Dogmatism," said the don sadly, "is puppyism which has reached maturity." It may similarly be said of dog Latin that it is chiefly used by pups.—London Globe.

## FIGHT WITH BANDITS

ESCAPED MURDERER AND MEMBER OF POSSE KILLED IN DESPERATE BATTLE.

Glasgow, Mont., June 20.—William Hardee, the condemned murderer, who, with three other prisoners, escaped from the city jail in this city two weeks ago, after killing one guard and beating almost to death two others, was shot and killed late Monday afternoon in the Bad Lands, seventy miles from this city, after a desperate battle with the posse under Sheriff Cosner. Charles R. Hill, one of the posse, received wounds from which he died in a short time. Fred McKinney, Hardee's outlaw companion, succeeded in escaping after the battle, but his capture is believed to be certain.

When the news reached this city a mob was quickly formed, the guard at the jail was overpowered and Jack Brown, one of Hardee's companions, who was recaptured, was taken from his cell and hanged from a window in the county courthouse. Hill, the victim of Hardee's bullet, was a single man and owned a ranch on Snow creek, near the place where he died. He was a schoolmate of Hardee at Buffalo, Wyo., and once in that state was a member of a posse that was after Hardee. Just before he was shot he was relating incidents that occurred while he and Hardee were schoolmates.

McKinney is the man believed to have killed Deathwatch Pierce in the recent jail delivery and if taken alive he will be lynched.

Judge Shiras to Retire.  
Dubuque, Ia., June 20.—Judge Oliver P. Shiras of the United States court for the Northern district of Iowa has announced that he will retire from the bench Nov. 1 next. He will be seventy years of age in October.

### CONSPIRATORS TAKE OATH.

Will Refuse to Divulge Names of Assassins of Serbian Rulers.

Belgrade, June 20.—Fearing the effect of the Austro-Russian denunciation of the assassination, the conspirators have taken an oath not to divulge one another's names nor any particulars of the tragedy. One of them declares that ninety pounds of dynamite was placed in the palace with the intention of blowing up the building in the event of the royal couple attempting to escape.

Many people here are of the opinion that Russia's demand for the punishment of the murderers is a pretext to gain a foothold in Serbian affairs and that King Peter will be compelled to grant concessions to stave off the Russian demand.

Queen Draga's sisters traveled second class on the train to Vienna. They say they are ruined. They were only given \$400 to defray the expenses of the journey, and they do not expect to receive anything more. They intend to seek an audience of Emperor Francis Joseph and try to obtain justice.

### RESTRAIN HARRIMAN

BRIEF FILED TO PREVENT HIS  
ELEMENT FROM VOTING  
CERTAIN STOCK.

Cincinnati, June 20.—Contrary to the report that a compromise had been effected in New York between the Keene and Harriman interests and that the Southern Pacific railway suit had been settled, a brief containing sensational allegations was filed here by counsel for the appellants.

The brief was preferred by Senator Foraker of Cincinnati, Augustus E. Wilson of Louisville, and Edward Lauterbach and Eugene Treadwell of New York. Twenty-six arguments are advanced in behalf of the appellants to restrain the Harriman element from voting the Union Pacific holdings in the Southern Pacific election which has been postponed. Among these arguments are allegations which are:

The Union Pacific and Southern Pacific roads being competitors, it was a violation of public policy, and for that reason illegal, for the Union Pacific to acquire and maintain control of the Southern Pacific by purchasing and voting its stock. The proof shows that it is within the power of the Union Pacific to practice

### Abuse and Discriminations

against the Southern Pacific and that discrimination has been practiced in making expenditures on the Central Pacific. From the affidavits it is shown that twice as much money has been expended from the earnings of the entire Southern Pacific system of about nine thousand miles, on the \$71 miles of the Central Pacific railroad between Ogden and San Francisco as has been expended on the remaining 8,929 miles, and that the immediate purpose of such expenditures is to make the Union Pacific line a direct through route from Chicago to San Francisco by way of Omaha and Ogden, for the purpose of making it the main competitor in transcontinental business of other transcontinental lines. The result will be to give the Union Pacific a haul over its entire line between Omaha and Ogden and the Southern Pacific only the short haul between Ogden and San Francisco instead of the long haul over its main lines from New Orleans

### An Abstract Idea.

At a card party at Charles Lamb's Hazlitt and Lamb's brother got into a discussion as to whether Holbein's coloring was as good as that of Van Dyke. At length they became so excited that they upset the table and seized each other by the throat. In the struggle Hazlitt got a black eye, but when the combatants were parted Hazlitt turned to Talfourd, who was offering his aid, and said: "You need not trouble yourself, sir. I do not mind a blow, sir. Nothing affects me but an abstract idea."

### Dogmatism.

A pretty snub delivered by a professor to a very young and very dogmatic undergraduate is refurbished in a work of fiction. "Dogmatism," said the don sadly, "is puppyism which has reached maturity." It may similarly be said of dog Latin that it is chiefly used by pups.—London Globe.

### FIGHT WITH BANDITS

ESCAPED MURDERER AND MEMBER OF POSSE KILLED IN DESPERATE BATTLE.

Glasgow, Mont., June 20.—William Hardee, the condemned murderer, who, with three other prisoners, escaped from the city jail in this city two weeks ago, after killing one guard and beating almost to death two others, was shot and killed late Monday afternoon in the Bad Lands, seventy miles from this city, after a desperate battle with the posse under Sheriff Cosner. Charles R. Hill, one of the posse, received wounds from which he died in a short time. Fred McKinley, Hardee's outlaw companion, succeeded in escaping after the battle, but his capture is believed to be certain. When the news reached this city a mob was quickly formed, the guard at

the jail was overpowered and Jack Brown, one of Hardee's companions, who was recaptured, was taken from his cell and hanged from a window in the county courthouse.

Hill, the victim of Hardee's bullet, was a single man and owned a ranch on Snow creek, near the place where he died. He was a schoolmate of Hardee at Buffalo, Wyo., and once in that state was a member of a posse that was after Hardee. Just before he was shot he was relating incidents that occurred while he and Hardee were schoolmates.

McKinley is the man believed to have killed Deathwatch Pierce in the recent jail delivery and if taken alive he will be lynched.

### Judge Shiras to Retire.

Dubuque, Ia., June 20.—Judge Oliver P. Shiras of the United States court for the Northern district of Iowa has announced that he will retire from the bench Nov. 1 next. He will be seventy years of age in October.

### AN ASTONISHING OFFER!

IF FOR ANY REASON WE FAIL TO CURE YOUR

# CATARRRH

of the head, nose, throat, lungs or stomach in any stage the treatment costs you nothing.

You doubtless have catarrh and want to be cured. You have tried nearly everything. Yet there is only one absolutely known cure for catarrh in America, and that is MEDERINE, the great Blood and Catarrh cure. It acts directly upon the mucous membrane through the blood, opens up the nasal passages, soothes and allays all inflammation of the affected parts, reaches the seat of the disease by filtering, cleansing and purifying the blood. MEDERINE has revolutionized the treatment and cure of Catarrh, and created the greatest sensation in medical circles.

Thousands of Catarrh sufferers in every section of the country bear testimony to being cured of CATARRH by the timely remedy that cures MEDERINE.

**A Case of Nasal Catarrh.** John L. Parks of Richmond, Ind., writes: "Four MEDERINE is a 'wonder'." I had a bad case of Catarrh of the head or nasal organs. For years I suffered from the disease. I tried almost everything that was advertised without any appreciable benefit. Finally I saw your MEDERINE advertisement, and considered as a last resort to try a bottle of it. I used two bottles of your treatment according to directions, and today I consider myself cured and free from the disease in any form.

**Bordering on Insanity.** J. M. Lynch of Kansas City, Mo., writes: "I hardly know how to express to you my thanks for the good that MEDERINE has done me. I was a great sufferer from Catarrh of the Head. I was in a state bordering on insanity, with ringing sounds in my ears. I was easily tired out. The least exertion finished me. I was losing flesh rapidly. I commenced to take MEDERINE and in two months it cured me. I have no pain in the head, sleep well, eat heartily and am gaining my flesh faster than I lost it."

Write MEDERINE REMEDY CO., Duluth, Minn., for their system of treatment. All letters answered. Discounted booklet containing testimonials of cures mailed free.

PRICE \$1, PER BOTTLE. Sent express prepaid if your druggist does not carry MEDERINE in stock. 6 BOTTLES FOR \$5.

TEN MEN BECOME MARKSMEN.

In the Team Shoot 802 Points were Made, Thirty-three Less Than Anoka.

The firing on the ranges at Camp Lakeview, Lake City, shows that Company F of this city made a remarkable showing beating out every company in the regiment in the scores at known distances.

Ten of the men in the company qualified as marksmen, the same number that qualified in the Anoka company, but the Brainerd men made nearly fifty more points than the Anoka men. The Minneapolis Journal of last night said: "The Brainerd company has made a remarkable showing and the Brittons were greatly in evidence."

It requires a total of 105 points to qualify as a marksman and the scores of the Brainerd men were as follows:

Lieutenant W. E. Delemere	36	37	43	112

"RESURRECTION" TONIGHT.

Melbourne MacDowell, beautiful Florence Stone, and their exceptionally clever company of artists play a return engagement at the Brainerd theatre tonight in Tolstoi's wonderful play, "Resurrection." That local theatre goers appreciate a good metropolitan production is manifested by the very large sale of seats for tonight's performance by these great artists.

"Resurrection," Count Leo Tolstoi's latest and most powerful study of the human emotions, has proven itself one of the greatest dramatic sensations of the day. Henry Britoff, the Russian scholar, speaking of "Resurrection," says: "Resurrection" is broad and deep and high as life itself. It is an ocean—the ocean of life—rocked by storm and lulled to sleep and ease by a master hand, which seems to hold the key to the bosom of this ocean. In the splash of every wave is heard the story of human emotions, misery, disenchantment, suffering, crime—horrid, repulsive crime. And life—that is something true in art."

"HEART OF TENNESSEE."

The St. Cloud Journal Press June 17th says: The "Heart of Tennessee" company, opened last night at the Davidson to a good house and without doubt the company and play are one of the strongest popular priced attractions that has visited St. Cloud. The company is well balanced, every one having parts that were fitted for them. The specialties were good, some exceptionally good singing being done by Miss Lulu Goodrich and Miss Lelia Bennett.

This company plays a three nights' engagement at the Brainerd theatre opening next Monday in "Heart of Tennessee" at popular prices of only 15-25-35 and 50 cents. There will be a change of play, and specialties nightly.

**OLD PROVERB JUSTIFIED.**

**Brainerd Elks Prove Truth of Statement That It Never Rains on Them—**

**Fine Trip to Walker.**

H. W. Grimmer, of the St. Cloud Journal Press was on the excursion with the Elks to Walker and the following is taken from his paper after his arrival home:

"That the rain never falls on Brainerd Elks was again proven Thursday when the Brainerd lodge of the order journeyed to Walker on their annual outing and had a day that was simply ideal. The Brainerd lodge members are sure that they are especial objects of the weather clerk's affections for while the morning was inclined to be cloudy and damp, it opened like a rose into a day that proved the wisdom of the poet's exclamation when he said: 'What is more lovely than a day in June?'

"The Brainerd Elks and their ladies occupied three coaches of a special train on the Minnesota & International railroad, and a fast run was made to Walker and Leech Lake, with stops at Hackensack, Backus and other points where isolated members of the Elk family came out on the clearings and were promptly taken on board. At Walker, which was reached at 9 o'clock the excursionists gathered at the new ball park to witness the struggle between the Elks' team and the Brainerd high school players. Dr. Watkins was in the box for the Elks and he was as usual invulnerable.

"The Brainerd Marine band—champion amateur band and second professional class champion band of the state—accompanied the excursionists and its music was certainly a pleasant feature of the day. The afternoon was spent in excursions about Leech Lake, the steamers running to points of interest, including the old and new agencies, the White City, Squaw Point and other spots famed for their scenery or some historic memory of the past. The Indians were in town for the day and stood about in silent complacency watching the crowds or listening to the band. Old Flatmouth was there with his tall beaver hat, dress suit and various government medals decorating his broad expanse of shirt bosom. The citizens of Walker were cordial in the extreme to the visitors and nothing was left undone to make the stay of the Elks one of pleasant memories."

## MUSIC AND DRAMA.

"RESURRECTION" TONIGHT.

Melbourne MacDowell, beautiful Florence Stone, and their exceptionally clever company of artists play a return engagement at the Brainerd theatre tonight in Tolstoi's wonderful play, "Resurrection." That local theatre goes appreciate a good metropolitan production is manifested by the very large sale of seats for tonight's performance by these great artists.

"Resurrection," Count Leo Tolstoi's latest and most powerful study of the human emotions, has proven itself one of the greatest dramatic sensations of the day. Henry Britoff, the Russian scholar, speaking of "Resurrection," says: "Resurrection" is broad and deep and high as life itself. It is an ocean—the ocean of life—rocked by storm and lulled to sleep and ease by a master hand, which seems to hold the key to the bosom of this ocean. In the splash of every wave is heard the story of human emotions, misery, disenchantment, suffering, crime—horrid, repulsive crime. And life—that is something true in art."

"HEART OF TENNESSEE."

The St. Cloud Journal-Press June 17th says—The "Heart of Tennessee" company, opened last night at the Davidson to a good house and without doubt the company and play are one of the strongest popular priced attractions that has visited St. Cloud. The company is well balanced, every one having parts that were fitted for them. The specialties were good, some exceptionally good singing being done by Miss Lulu Goodrich and Miss Lelia Bennett.

This company plays a three nights' engagement at the Brainerd theatre opening next Monday in "Heart of Tennessee" at popular prices of only 15-25-35 and 50 cents. There will be a change of play, and specialties nightly.

OLD PROVERB JUSTIFIED.

Brainerd Elks Prove Truth of Statement

That It Never Rains on Them—

Fine Trip to Walker.

H. W. Grimmer, of the St. Cloud Journal-Press was on the excursion with the Elks to Walker and the following is taken from his paper after his arrival home:

"That the rain never falls on Brainerd Elks was again proven Thursday when the Brainerd lodge of the order journeyed to Walker on their annual outing and had a day that was simply ideal. The Brainerd lodge members are sure that they are especial objects of the weather clerk's affections for while the morning was inclined to be cloudy and damp, it opened like a rose into a day that proved the wisdom of the poet's exclamation when he said: 'What is more lovely than a day in June?'"

"The Brainerd Elks and their ladies occupied three coaches of a special train on the Minnesota & International railroad, and a fast run was made to Walker and Leech Lake, with stops at Hackensack, Backus and other points where isolated members of the Elk family came out on the clearings and were promptly taken on board. At Walker, which was reached at 9 o'clock the excursionists gathered at the new ball park to witness the struggle between the Elks' team and the Brainerd high school players. Dr. Watkins was in the box for the Elks and he was as usual invulnerable.

"The Brainerd Marine band—champion amateur band and second professional class champion band of the state—accompanied the excursionists and its music was certainly a pleasant feature of the day. The afternoon was spent in excursions about Leech Lake, the steamers running to points of interest, including the old and new agencies, the White City, Squaw Point and other spots famed for their scenery or some historic memory of the past. The Indians were in town for the day and stood about in silent complacency watching the crowds or listening to the band. Old Flatmouth was there with his tall beaver hat, dress suit and various government medals decorating his broad expanse of shirt bosom. The citizens of Walker were cordial in the extreme to the visitors and nothing was left undone to make the stay of the Elks one of pleasant memories."

## FIREWORKS ARRIVED

A CHICAGO WORKMAN'S DESIRE

FOR PYROTECHNICAL DISPLAY

RESULTS SERIOUSLY.

## TOUCHED OFF A BOMBSHELL

TWENTY PERSONS ARE INJURED

AND THE FRONT OF A BUILD-

ING IS DESTROYED.

Chicago, June 20.—Twenty persons  
were injured, seven of them severely,  
and the front of a building destroyed  
by the explosion of a bomb in front of  
Fred Cummings' saloon, 954 Clybourn  
avenue, last night. John Laxner, who  
found the bomb, was arrested.

A wagonload of the bombs was un-  
loaded at the city dump, Western ave-  
nue and Addison street, Friday, by a  
strange teamster, Laxner, an em-  
ployee at the dump, on his way home,  
found one of the missiles at Western  
and Melrose avenues, where it had  
been dropped from the wagon. He  
carried it to Cummings' saloon, where  
he told John McNally to give a fire-  
works display. McNally drilled a hole  
in the bomb, inserted a match and the  
fireworks arrived at once. McNally  
lost an eye and was burned so badly  
he may die.

## CHASED BY ANGRY MOB.

Pugilist Burns Wounded and Captured  
by Policemen.

Chicago, June 20.—Pursued by a  
mob whose rage he had excited by at-  
tacking a woman and her husband,  
Charlie Burns, a prize fighter living  
in Cincinnati, last night ran into  
Washington park near Fifty-fifth  
street, where soon afterward he was  
discovered by two policemen who  
dragged him, wounded perhaps fatal-  
ly, from a clump of shrubbery in which  
he had taken refuge.

Burns had accosted Mr. and Mrs.  
N. C. Bates, 5813 Brexel boulevard, as  
they were in front of their home.  
"You have got to give me that  
ring," he said to the woman as he ap-  
proached them.

Mr. Bates resented Burns' demand  
and Burns attacked him with a cane.  
Telling his wife to run, Bates hit  
Burns, who drew a revolver. Striking  
up the weapon, Bates cried for help,  
whereupon Burns ran. He was fol-  
lowed by a crowd and at intervals  
turned and fired at his pursuers. He  
finally halted in a clump of bushes  
and when two policemen approached  
the spot, Burns fired. The officers  
sent several bullets into the bush, one  
of them striking Burns near the heart.

## AGAINST HIS WISHES.

Pope Leo Dispenses With Audiences  
for a Day.

Rome, June 20.—The pope did not  
hold an audience Friday, much against  
his own wishes, as he said he would  
immediately be reported as dying,  
"which I am not," he added emphati-  
cally. Indeed, a rumor that his holiness  
had had a relapse was already in  
circulation.

The only reason for the suspension  
of the day's audiences was Dr. Laponi's  
wish that the pontiff should be in  
the best condition for the consistory  
which is to be held next Monday.  
The doctor would like to stop all  
audiences by the pope until Monday,  
but his holiness refused to accede to  
the desire, saying that it was his duty  
to go through it at all cost.

A Vienna paper announces that all  
efforts to have Pope Leo receive Pres-  
ident Faure of France in his official  
capacity have failed.

## INCREASED ASSESSMENTS.

A. O. U. W. Convention Tentatively  
Adopts a Plan to That End.

St. Paul, June 20.—After an all-  
day discussion, which nearly exhaust-  
ed its members, the supreme lodge of  
the A. O. U. W. tentatively adopted a  
plan which will leave the assessments  
for members between the ages of  
eighteen and twenty-four years as they  
now are, and progressively will add in  
greater proportion to the rates of each  
of the other age classifications. Thus  
the farther a member is advanced in  
age classification the greater pro-  
portionate increase he will be called  
upon to bear.

At the evening session action was  
taken which will defer the adoption of  
a new ritual for the order until the  
next meeting of the supreme lodge at  
least, and perhaps longer.

## IOWA PLAN ADOPTED.

Modern Woodmen Vote for Readjust-  
ment of Rates.

Indianapolis, June 20.—The Modern  
Woodmen convention decided to meet  
in June, 1905, at Milwaukee.

A resolution was unanimously adopt-  
ed appropriating \$50,000 for the aid  
of the flood sufferers in Kansas, Iowa,  
Missouri, Illinois and Oregon, the most  
of which is to go to Kansas and Mis-  
souri. The money is to be taken from  
the general fund, and is to be avail-  
able immediately after the adjourn-  
ment of the convention.

At 12:45 o'clock this morning the  
convention adopted the Iowa plan for  
readjustment of rates, by a vote of  
2154 to 166, after defeating the  
Young amendment by 171 to 2804.

## EXCEEDS LATE ESTIMATES.

Number of Dead at Heppner, Ore.,  
Will Reach Two Hundred.

Heppner, Ore. June 20.—Late de-  
velopments show that the Heppner  
death list will exceed the estimates of  
the past two days. Many corpses  
which were carried miles away from  
here are being found, and it is be-  
lieved that the number of bodies ac-  
tually identified will easily reach 200.

Five bodies were found Friday,  
bringing the official list of dead to  
167. The name of Otis Bullis of  
Tower City, N. D. has been added to  
the list of missing.

## VERY CLOSE RACE.

Constitution Gives Admirers of the Re-  
liance a Bad Score.

New York, June 20.—If the Constitu-  
tion did not defeat the Reliance on  
time allowance in a 25-mile race over  
the course of the Indian Harbor  
Yacht club in Long Island Sound Fri-  
day, she gave the admirers of the  
new boat a bad score. In more than  
four hours of sailing the Reliance out-  
riggered the Constitution by only one  
minute and fifty seconds, elapsed  
time. It is estimated that the new  
boat will have to allow the Constitu-  
tion two to three minutes in a thirty  
mile race, which, if true, would give  
Friday's race to the older boat and  
might give her one of the earlier races  
as well, when Reliance beat her by  
two minutes and a fraction.

Columbia was again outclassed from  
the start. Her gain of about twelve  
minutes on the second leg of the race  
was time wasted by the other boats  
in a luffing match between the lead-  
ers. The race was hotly contested,  
first one and then the other getting  
the better of it by sudden shifts of  
wind, which, when it began to blow  
steadily, left the Reliance about one  
minute ahead.

## SAENGERFEST ENDS.

"Star Spangled Banner" Sung by En-  
thusiastic Audience.

St. Louis, June 20.—The thirty first  
national Saengerfest ended last night.  
Two band concerts were given, one in  
the afternoon and the closing concert  
at night. The afternoon concert was  
devoted to renditions by the different  
soloists, interspersed with the chorus  
of 4,000 children of the St. Louis pub-  
lic schools. The night concert was  
solely devoted to choral work, not one  
of the soloists appearing.

The closing number of the Saenger-  
fest was the "Star Spangled Banner,"  
participated in by the national male  
chorus, the orchestra and over 15,000  
untrained but enthusiastic voices from  
the audience, and the effect was tremen-  
dous.

## MR. CLEVELAND ASTONISHED.

Outcome of a Newspaper Man's Visit  
Surprises Him.

Princeton, N. J., June 20.—Grover  
Cleveland, on being shown the alleged  
interview reported by Mr. Bailey, of  
the Galveston News, made the follow-  
ing statement:

"I am very much astonished to see  
such an outcome from a visit made to  
me by one who only gained friendly  
access to me by reason of his being  
a representative of a paper formerly  
conducted and owned by my deceased  
friend, Colonel Belo, and now con-  
ducted by his son.

"I don't know whether Bailey intend-  
ed it or not, but he has given a very  
erroneous impression of what oc-  
curred between us.

"If I had dreamed that he would at-  
tempt to construct an important in-  
terview, dealing with important sub-  
jects, out of what was said on the  
occasion of his visit, I would certain-  
ly have insisted, according to my habit,  
upon its being then and there reduced  
to writing and submitted to me. In-  
stead of gaining the least intimation  
of such an intention on his part, his  
first words were that he knew an ex-  
-president was not a person to be in-  
terviewed, and he left me without the  
least hint that I had been interviewed  
for publication.

"All I care to add is that the sub-  
stance of the interview as published  
is in some respects grossly inaccur-  
ate. There are statements in it at-  
tributed to me that I certainly would  
not have made to a person no nearer  
to me than Mr. Bailey."

## CHANGE FOR THE BETTER.

Crop, Trade and Labor Matters Show  
Improvement.

New York, June 20.—Bradstreet's  
review says evidence multiplies that  
the second week of June saw the turn-  
ing for the better in crop, trade and  
labor matters. Improvement in these  
lines and accelerated by the weather  
of the past week, has begun to be re-  
flected in actual demand at the West  
and South, and although cool, rainy  
weather is still a drawback at the  
East, many signs of progress in the  
right direction are noticed. North-  
western advances are, of course, large-  
ly favorable, and the same is true on  
the Pacific coast.

## PRACTICALLY SETTLED.

Strike of Tanners at Milwaukee Comes  
to an End.

Milwaukee, June 20.—Negotiations  
late Friday between committee of  
striking tanners and four of the firms  
affected resulted in practically a set-  
tlement of the strike.

The strikers will return to work to-  
day. The firms with whom a settle-  
ment was reached are Trostel &  
Sons, Conrad Leather company, Martin  
Leather company and the American  
Leather company. The union was not  
recognized and the nonunion men now  
at work will not be affected. The men  
will receive a slight increase in wages.

## CHORUS GIRLS POISONED.

Twenty of Them Taken Ill at Cleve-  
land, O.

Cleveland, O., June 20.—Twenty  
chorus girls of a company playing at  
a local theater were seized with  
cramps during the performance and  
were compelled to call for medical  
service. Eight of the number were  
quite ill for two hours and had to be  
sent home in carriages. The physi-  
cians attribute the illness of the girls  
to food poisoning, the entire number  
living at one place.

## TRIED TO EAT LIVE SNAKES.

Indiana Girl May Die From Emulating  
a Circus Attraction.

Logansport, Ind., June 20.—Alice  
Fairchild, twelve years old, tried to  
eat a dozen live snakes, in emulation  
of a circus attraction, and is in a pre-  
carious condition as a result of nume-  
rous bites inflicted by the snakes. Last  
week Alice was taken by her parents  
to see a so-called snake-eater, who ap-  
peared at a carnival Thursday.  
Alice's brother caught a dozen small  
snakes and that night the girl tried  
to eat them. She was found in con-  
vulsions with the snakes wriggling  
about her body. She may die.

## Thackeray Didn't Wear Spurs.

Thackeray was not a vain man, and  
he disliked vanity in others and made  
it the subject of his ridicule and sar-  
casm.

After long pleading his family in-  
duced him to have his portrait paint-  
ed, and Lawrence, a famous London  
artist, gladly undertook the task.

Soon after the picture was complet-  
ed Thackeray chanced to be dining at  
his club when a pompous officer of the  
guards stopped beside the table and  
said:

"Haw, Thackeray, old boy, I hear  
Lawrence has been painting your por-  
trait."

"So he has," was the response.

"Full length?"

"No; full length portraits are for sol-  
diers, that we may see their spurs.  
But the other end of the man is the  
principal thing with authors," said  
Thackeray.

## When Squirrels Were Numerous.

Accounts of early writers show that  
squirrels must formerly have been  
amazingly numerous. Godman says  
that the gray coat was a fearful  
 scourge to colonial farmers and that  
Pennsylvania paid \$8,000 in bounties  
for their scalps in 1749 alone. This  
meant the destruction of 640,000 within  
a comparatively small district. In the  
early days of western settlement regu-  
lar hunts were organized by the in-  
habitants, who would range the woods  
in two companies from morning till  
night, vying as to which band should  
bring home the greatest number of tro-  
phies. The quantities thus killed are  
almost incredible now.

It is funny a man loses his hair and  
doesn't comb it much, and a woman  
combs, brushes, curls and pulls and  
still has a wad left when she dies.—

## FIREWORKS ARRIVED

A CHICAGO WORKMAN'S DESIRE  
FOR PYROTECHNICAL DISPLAY  
RESULTS SERIOUSLY.

TOUCHED OFF A BOMBSHELL

TWENTY PERSONS ARE INJURED  
AND THE FRONT OF A BUILD-  
ING IS DESTROYED.

Chicago, June 20.—Twenty persons  
were injured, seven of them severely,  
and the front of a building destroyed  
by the explosion of a bomb in front of  
Fred Cummings' saloon, 954 Clybourn  
avenue, last night. John Laxner, who  
dropped the bomb, was arrested.  
A wagonload of the bombs was un-  
loaded at the city dump, Western ave-  
nue and Addison street, Friday, by a  
strange teamster. Laxner, an em-  
ployee at the dump, on his way home,  
found one of the missiles at Western  
and Melrose avenues, where it had  
been dropped from the wagon. He  
carried it to Cummings' saloon, where  
he told John McNally to give a fire-  
works display. McNally drilled a hole  
in the bomb, inserted a match and the  
fireworks arrived at once. McNally  
lost an eye and was burned so badly  
he may die.

CHASED BY ANGRY MOB.

Pugilist Burns Wounded and Captured  
by Policemen.

Chicago, June 20.—Pursued by a  
mob whose rage he had excited by at-  
tacking a woman and her husband,  
Charlie Burns, a prize fighter living  
in Cincinnati, last night ran into  
Washington park near Fifty-fifth  
street, where soon afterward he was  
discovered by two policemen. Striking  
up the weapon, Burns cried for help,  
whereupon Burns ran. He was fol-  
lowed by a crowd and at intervals  
turned and fired at his pursuers. He  
finally halted in a clump of bushes  
and when two policemen approached  
the spot, Burns fired. The officers  
sent several bullets into the bush, one  
of them striking Burns near the heart.

AGAINST HIS WISHES.

Pope Leo Dispenses With Audiences  
for a Day.

Rome, June 20.—The pope did not  
hold an audience Friday, much against  
his own wishes, as he said he would  
immediately be reported as dying,  
"which I am not," he added emphati-  
cally. Indeed, a rumor that his holiness  
had had a relapse was already in  
circulation.  
The only reason for the suspension  
of the day's audiences was Dr. Lap-  
poni's wish that the pontiff should be  
in the best condition for the consis-  
tory which is to be held next Mon-  
day. The doctor would like to stop all  
audiences by the pope until Monday,  
but his holiness refused to accede to  
the desire, saying that it was his duty  
to go through it at all cost.

A Vienna paper announces that all  
efforts to have Pope Leo receive Pres-  
ident Faure of France in his official  
capacity have failed.

INCREASED ASSESSMENTS.

A. O. U. W. Convention Tentatively  
Adopts a Plan to That End.

St. Paul, June 20.—After an all-  
day discussion, which nearly exhaust-  
ed its members, the supreme lodge of  
the A. O. U. W. tentatively adopted a  
plan which will leave the assessments  
for members between the ages of  
eighteen and twenty-four years as they  
now are, and progressively will add in  
greater proportion to the rates of each  
of the other age classifications. Thus  
the farther a member is advanced in  
age classification the greater pro-  
portionate increase he will be called  
upon to bear.

At the evening session action was  
taken which will defer the adoption of  
a new ritual for the order until the  
next meeting of the supreme lodge at  
least, and perhaps longer.

IOWA PLAN ADOPTED.

Modern Woodmen Vote for Readjust-  
ment of Rates.

Indianapolis, June 20.—The Modern  
Woodmen convention decided to meet  
in June, 1905, at Milwaukee.  
A resolution was unanimously adopt-  
ed appropriating \$50,000 for the aid  
of the flood sufferers in Kansas, Iowa,  
Missouri, Illinois and Oregon, the most  
of which is to go to Kansas and Mis-  
souri. The money is to be taken from  
the general fund, and is to be avail-  
able immediately after the adjourn-  
ment of the convention.  
At 12:45 o'clock this morning the  
convention adopted the Iowa plan for  
readjustment of rates, by a vote of  
2154 to 166, after defeating the  
Young amendment by 171 to 2804.

EXCEEDS LATE ESTIMATES.

Number of Dead at Heppner, Ore.  
Will Reach Two Hundred.

Heppner, Ore., June 20.—Late de-  
velopments show that the Heppner  
death list will exceed the estimates of  
the past two days. Many corpses  
which were carried miles away from  
here are being found, and it is be-  
lieved that the number of bodies ac-  
tually identified will easily reach 200.  
Five bodies were found Friday,  
bringing the official list of dead to  
157. The name of Otis Bullis, of  
Tower City, N. D., has been added to  
the list of missing.

## VERY CLOSE RACE.

Constitution Gives Admirers of the Re-  
liance a Bad Scare.

New York, June 20.—If the Consti-  
tution did not defeat the Reliance on  
time allowance in a 25-mile race over  
the course of the Indian Harbor  
Yacht club in Long Island Sound Fri-  
day, she gave the admirers of the  
new boat a bad scare. In more than  
four hours of sailing the Reliance out-  
lasted the Constitution by only one  
minute and fifty seconds, elapsed  
time. It is estimated that the new  
boat will have to allow the Constitu-  
tion two to three minutes in a thirty  
mile race, which, if true, would give  
Friday's race to the older boat and  
might give her one of the earlier races  
as well, when Reliance best her by  
two minutes and a fraction.  
Columbia was again outclassed from  
the start. Her gain of about twelve  
minutes on the second leg of the race  
was time wasted by the other boats in  
a huffing match between the lead-  
ers. The race was hotly contested,  
first one and then the other getting  
the better of it by sudden shifts of  
wind, which, when it began to blow  
steadily, left the Reliance about one  
minute ahead.

SAENGERFEST ENDS.

"Star Spangled Banner" Sung by En-  
thusiastic Audience.

St. Louis, June 20.—The thirty-first  
national Saengerfest ended last night.  
Two band concerts were given, one in  
the afternoon and the closing concert  
at night. The afternoon concert was  
devoted to renditions by the different  
soloists, interspersed with the chorus  
of 4,000 children of the St. Louis pub-  
lic schools. The night concert was  
solely devoted to choral work, not one  
of the soloists appearing.

The closing number of the Saenger-  
fest was the "Star Spangled Banner,"  
participated in by the national male  
chorus, the orchestra and over 15,000  
untrained but enthusiastic voices from  
the audience, and the effect was tremen-  
dous.

TELEGRAPHIC BREVITIES.

editorial staff of the New York World,  
died Friday.

Charles Dixon of Boston, Mass., was  
fleece out of \$2,800 by a French  
sharpener at Paris.

Several firemen were injured by  
falling glass and overcome with smoke  
at a fire in Rochester, N. Y.

It is announced at Copenhagen that  
Crown Prince Gustaf of Sweden will  
pay a visit to the St. Louis exposition.

The fifteenth annual convention of  
the International Printing Press Men  
and Assistants' union closed last night  
at Cincinnati.

Judge R. A. D. Wilbanks of Mount  
Vernon, Ill., died suddenly at Wash-  
ington Friday night of heart disease,  
aged fifty-three years.

The brickmakers' strike, which has  
been on for nine weeks at Cleveland,  
O., was settled last night, the men re-

by the employers.

## MR. CLEVELAND ASTONISHED.

Outcome of a Newspaper Man's Visit  
Surprises Him.

Princeton, N. J., June 20.—Grover  
Cleveland, on being shown the alleged  
interview reported by Mr. Bailey, of  
the Galveston News, made the follow-  
ing statement:  
"I am very much astonished to see  
such an outcome from a visit made to  
me by one who only gained friendly  
access to me by reason of his being a  
representative of a paper formerly  
conducted and owned by my deceased  
friend, Colonel Belo, and now con-  
ducted by his son.

"I don't know whether Bailey intend-  
ed it or not, but he has given a very  
erroneous impression of what oc-  
curred between us.

"If I had dreamed that he would at-  
tempt to construct an important in-  
terview, dealing with important sub-  
jects, out of what was said on the  
occasion of his visit, I would certainly  
have insisted, according to my habit,  
upon its being then and there reduced  
to writing and submitted to me. In-  
stead of gaining the least intimation  
of such an intention on his part, his  
first words were that he knew an ex-  
-president was not a person to be in-  
terviewed, and he left me without the  
least hint that I had been interviewed  
for publication.

"All I care to add is that the sub-  
stance of the interview as published  
is in some respects grossly inaccur-  
ate. There are statements in it at-  
tributed to me that I certainly would  
not have made to a person no nearer  
to me than Mr. Bailey."

CHANGE FOR THE BETTER.

Crop, Trade and Labor Matters Show  
Improvement.

New York, June 20.—Bradstreet's  
review says evidence multiplies that  
the second week of June saw the turn-  
ing for the better in crop, trade and  
labor matters. Improvement in these  
lines and accelerated by the weather  
of the past week, has begun to be re-  
flected in actual demand at the West  
and South, and although cool, rainy  
weather is still a drawback at the  
East, many signs of progress in the  
right direction are noticed. North-  
western advances are, of course, large-  
ly favorable, and the same is true on  
the Pacific coast.

PRACTICALLY SETTLED.

Strike of Tanners at Milwaukee Comes  
to an End.

Milwaukee, June 20.—Negotiations  
late Friday between committee of  
striking tanners and four of the firms  
affected resulted in practically a set-  
tlement of the strike.

The strikers will return to work to-  
day. The firms with whom a settle-  
ment was reached are Trostel &  
Sons, Conrad Leather company, Martin  
Leather company and the American  
Leather company. The union was not  
recognized and the nonunion men now  
at work will not be affected. The men  
will receive a slight increase in wages.

CHORUS GIRLS POISONED.

Twenty of Them Taken Ill at Cleve-  
land, O.

Cleveland, O., June 20.—Twenty  
chorus girls of a company playing at  
a local theater were seized with  
cramps during the performance and  
were compelled to call for medical  
service. Eight of the number were  
quite ill for two hours and had to be  
sent home in carriages. The physi-  
cians attribute the illness of the girls  
to food poisoning, the entire number  
living at one place.

TRIED TO EAT LIVE SNAKES.

Indiana Girl May Die From Emulating  
a Circus Attraction.

Logansport, Ind., June 20.—Alice  
Fairchild, twelve years old, tried to  
eat a dozen live snakes. In emulation  
of a circus attraction, and in a pre-  
carious condition as a result of num-  
erous bites inflicted by the snakes. Last  
week Alice was taken by her parents  
to see a so-called snake-eater, who ap-  
peared at a carnival Thursday.  
Alice's brother caught a dozen small  
snakes and that night the girl tried  
to eat them. She was found in con-  
vulsions with the snakes wriggling  
about her body. She may die.

Thackeray Didn't Wear Spurs.

Thackeray was not a vain man, and  
he disliked vanity in others and made  
it the subject of his ridicule and sar-  
casm.

After long pleading his family in-  
duced him to have his portrait paint-  
ed, and Lawrence, a famous London  
artist, gladly undertook the task.

Soon after the picture was complet-  
ed Thackeray chanced to be dining at  
his club when a pompous officer of the  
guards stopped beside the table and  
said:

"Haw, Thackeray, old boy, I hear  
Lawrence has been painting your por-  
trait."

"So he has," was the response.

"Full length?"

"No; full length portraits are for sol-  
diers, that we may see their spurs.  
But the other end of the man is the  
principal thing with authors," said  
Thackeray.

When Squirrels Were Numerous.

Accounts of early writers show that  
squirrels must formerly have been  
amazingly numerous. Godman says  
that the gray coat was a fearful  
pestilence to colonial farmers and that  
Pennsylvania paid \$8,000 in bounties  
for their scalps in 1749 alone. This  
meant the destruction of 640,000 within  
a comparatively small district. In the  
early days of western settlement reg-  
ular hunts were organized by the in-  
habitants, who would range the woods  
in two companies from morning till  
night, vying as to which band should  
bring home the greatest number of tro-  
phies. The quantities thus killed are  
almost incredible now.

It is funny a man loses his hair and  
doesn't comb it much, and a woman  
combs, brushes, curls and pulls and  
still has a wad left when she dies.—
